### INFORMATION

Please follow all of the measures we have in place to keep all members of our school community safe. Some key points to remember at all times:

- If a member of your household has symptoms of Covid-19, they must be tested and children in the household **must not come to school** while the result is pending.
- Children must not come to school if a member of the household tests positive. They should self-isolate in line with the government guidelines.
- If the test result is negative, children can return to school if they are free of symptoms and well enough to attend.

When you are on site:

- Arrive and leave promptly at the start and end of the day.
- Keep a 2m distance from others.
- Do not allow your children to mix with others, they must remain with you.
